

# CARE® Course – Part One “Enhanced”

## An Inter-Disciplinary Cooperative Approach To Comprehensive Amputee Rehabilitation

Presented by:

Cooperative Amputee Rehabilitation Education (CARE®) focuses on the appropriate rehabilitation treatment for amputees. A collaborative approach is needed for a successful transition in the treatment and therapy of a patient. We will analyze the key areas of mobility that need attention during all phases of rehabilitation.

We have enhanced our CARE® Course - Part One to include more patient and practitioner “hands-on” participation. During these two days we will focus on the successful treatment of amputees to ensure better outcomes.

**Who should attend?** Any medical discipline that cares for an amputee. Whether you are a doctor, nurse, physical or occupational therapist you will benefit from our comprehensive education.

**Cost?** The CARE® Course registration fee is \$395 and a student rate of \$175. It includes a continental breakfast, lunch and snacks for both days at the Hilton Garden Inn, Perrysburg, with a room rate of \$109 per night.

Join us in learning advanced amputee rehabilitation techniques that maximize mobility for amputees through gait training by leading medical professionals. Also, learn the exercises to keep patients active and healthy.

Robert Gailey, PhD, PT, is our special guest and will co-present with Chris Perry, CP, LP, founder of Perry Prosthetics.

**October 7 – 8, 2011**

**Hilton Garden Inn**

6165 Levis Commons Blvd  
Perrysburg, Ohio 43551

“Hands-on” participation throughout the course.

Designed for PT / OT / PTA’s / OTA’s  
and is approved for 15 CEU’s.

Course registrations are limited,  
so register today!
